

HISHI WALL™

Moving Partition System of Mitsubishi Plastics + ALPOLIC®

HISHI WALL™- partition – creates comfortable and safe environments for a wide range of applications – offices, hospitals, schools, and factory clean rooms – quickly and effectively. One space can have numerous uses once partitioned.

With HISHI WALL™, there are unlimited opportunities to creatively re-design your space, in newly constructed buildings as well as existing ones.

A series of ALPOLIC®, with its flatness, wide color range, and other superior characteristics, serves as the ideal fascia of the HISHI Wall™ partition system

ALPOLIC® HW 100
